The "feet" are bright fleece material and are machined appliqued onto the quilt. The straps are Iridescent Silver Wire ribbon. This makes the straps "stand up" off the quilt - giving it a 3-dimensional quality. I do not recommend machine washing because of the straps. The last of a series of 3 quilts in the Flip Flop theme. The two previous quilts were gifts (Q49 & Q50). I liked them so much and thought there were enough people that would like the beach theme, I decided to make one for sale.
