## Q90 Tinkle

Photo by Kris Waldman Design

Date Completed: 6-21-18

Size: 42" X 56" Includes Hanging Sleeve

This is the third (last) in a series of the HST (Half Square Triangle) Challenge. There is quite an elaborate story here. The "blue" blocks and the "pink" blocks are hurtling towards a force field (silver wave). After they break through the field, they are reduced to tinkling shards.
